

## ADCLUB PLANS TO BE ANNOUNCED WEDNESDAY

"On to Toronto" Trip to Be Great Advertising Boost For El Paso.

What is expected to be one of the most important meetings yet held by the Ad Club will be held Wednesday afternoon in the Shelton grill. At the meeting, which also will be a luncheon, reports will be made on the Ad Club plans for advertising El Paso on the "On to Toronto" trip. Funds for the campaign of advertising on the trip to Toronto are rapidly being secured and it is believed a few more days of hard work by the committee will result in the entire sum being secured.

All of the plans for the club on the trip will be made known at the luncheon and meeting Wednesday. The club expects to secure two Pullman cars to Dallas to be attached to the special Toronto train. In one of the Pullmans will go the Ad Club delegates and the other will take the delegates from nearby cities.

The Ad Club limited the time for signing up on this trip to May 15, and the full delegation was completed. The following have signed up and, in addition, Mayor Kelly will probably go, accompanied by many other business men and their families. The regular delegation is:

M. P. Carlock, W. H. Shelton, Henry R. Cook, Harry T. O'Connell, R. E. Sherman, James M. J. Green, Maurice Heller, Dexter Hapel, H. R. McIlhenny, The El Paso Herald, J. M. O'Connell, Paul Atkinson, E. C. Davis, John Grant, L. A. Tobias, James Colley.

## NO DISCOMFORT FROM DODSON'S LIVER TONE

Violent Purgatives Need no Longer be Used for Constipation, so Why Run Risks of Their Disagreeable After-Effects?

To overcome constipation and sluggish liver (plethora), easily and safely, Dodson's Liver Tone is guaranteed by Kelly & Pollard, who will cheerfully refund purchase price (50c) at once if you are not entirely satisfied with it. Dodson's Liver Tone is made to take the place of calomel and other strong purgatives. It has none of the disagreeable and often dangerous after-effects of calomel, which is in fact a poison, a mineral, a form of deadly mercury.

Dodson's Liver Tone is a strictly vegetable liquid, containing nothing harmful. It not only leaves no bad effects, but works really and naturally without pain or gripe and without interfering at all with your regular habits, diet or occupation. A trial may benefit you greatly, why not see about it today?—Advertisement.

## PUBLIC SCHOOLS IN FINE SHAPE; \$48,000 ON HAND

Annual Report Shows Average Daily Attendance, All Schools, of 4844.

With cash on hand amounting to \$47,780.29 and warrants at par, financially and otherwise, the city schools are said to be in better condition today than they ever were. The cash balance was of May 1, as shown by the report of school auditor F. R. Sawyer.

At the regular meeting of the school board held Monday night at the Bailey school, Mr. Sawyer submitted his annual financial report of the schools covering the fiscal year beginning April 1, 1913, and ending March 31, 1914. The report was commendable.

**Financial Report.**

The total expenditures during that period totaled \$394,552.22. The total receipts amounted to \$214,232.53. The appropriations from the state and federal sources amounted to \$156,195.29. On May 1 the appropriations from the state and city totaled \$17,616.56. On May 1, the first month of the present fiscal year, the cash in the city treasurer's hands amounted to \$46,625.26. Against that were outstanding warrants amounting to \$18,944.97.

Starting on April 1, 1913, the amount of the overdraft was \$19,602.16. A year previous to that it was \$16,093.32. On March 31, 1914, the overdraft was \$21,529.29.

**Large Attendance.**

For the fiscal year covered by the report the total expense of operation of the manual training and domestic science departments was \$13,577.38. The average daily attendance was 4844 and the cost per pupil was \$2.82. The operating expenses of the elementary schools totaled \$152,681.62. For the high school the expenses equaled \$17,837.45. The average daily attendance at the elementary schools was 4815, and for the high school, 219. The cost per pupil of the elementary school was \$21.54, and for the high school \$79.93.

**Cost by Schools.**

The cost of operation for the fiscal year of each individual school, including the percentage share of each school in the expense of administration, manual training and domestic science departments, were listed as follows: Alta Vista, \$15,242.85; average daily attendance, 487; cost per pupil, \$31.28. Alta Vista, \$15,242.85; average daily attendance, 487; cost per pupil, \$31.28. Alta Vista, \$15,242.85; average daily attendance, 487; cost per pupil, \$31.28.

If the suggestion of Robert L. Holliday, one of the new members of the board, is carried out, every new addition that is planned and dedicated to the city will have to reserve one or two blocks for school purposes.

According to the report of superintendent R. J. Tighe, the net enrollment for the month of April was 4755, and the average daily attendance was 5122. Compared to the previous month Mr. Tighe stated there had been a falling off of 232 pupils.

The junior of any school that has maintained the best record during the school year will be given a prize.

## WORK OF SCHOOL CHILDREN EXHIBITED

San Jacinto Pupils Hold "Open House" Monday for Display of Year's Accomplishments.

The San Jacinto school children's work was on exhibit Monday afternoon and the parents and guests who came to see were served with grape juice punch by the domestic science girls of the eighth grade. In the upper hall the work in drawing and the class papers were arranged about the walls while in the lower grades each room was decorated with the work of the pupils.

In the sand box of the low first grade, taught by Miss Mabel Anderson, the children have raised a crop of real oats. Among the oats are a little red roofed cardboard barn and cutout horses in the field.

In the high first grade taught by Miss Della Kiefer, the children have something nearer home to their sand box. It is a miniature "Camp Cotton" with cardboard khaki pyramid tents, plenty of American flags, toy board soldiers walking about, and sand in abundance. In the third and fourth grades the children have been weaving little doll hammocks about two feet long, of red and orange cord, and some of them have been most skillfully made in drawing in the fifth grade taught by Miss Win-

gate is unusually good.

In the manual training shops the exhibits include different pieces of the many models made by the boys during the year, and is a splendid display of work. All the work is made with hand tools, excepting the eighth grade models in which the use of machinery is started.

The domestic science youngsters are constructing a wonderfully spacious "adobe" farm house with their building blocks, and surrounding it is an ornamental fence.

The girls of the low eighth grade, who served punch during the afternoon were Augusta Fabrikowski, Hazel Kinney, Laura Peper, Margaret Peper, Mabel Goodman, Maurine Garrett, Ruth Carson, Ruth Henningsen.

In the domestic science rooms the sewing work of the girls' classes was displayed and presented some excellent specimens of needlework.

Exhibit day was also held Monday afternoon at the Alamo school and was largely attended by the parents of the school children. Each room was decorated with the pupils' work, the sewing and manual training work were on display in the sewing room and manual training rooms, and the visitors to the various rooms were entertained with songs by the school children.

## SOMBREROS AND BURROS MADE HIT

El Paso Shriners continue to receive flattering notices of their showing at Atlanta, Ga., where they attended the Shrine reunion. The Atlanta Tribune printed a special edition of its paper with a picture of an El Paso Shriner in high hat and Mexican costume and another photograph of two Atlanta little girls on the back of an El Paso burro.

## FIELD TRAINING FOR TROOPS IS TO BE RESUMED

Infantry Will Cover Not Less than 16 Miles a Day; the Cavalry 20 Miles.

Beginning Monday, field training for the regiments of the eighth brigade, now on guard or patrol duty or not actually engaged in target practice, will be resumed. This is the "open season" for field training and will last until the first of November. All branches of the service stationed at El Paso and vicinity will take part in it.

For four days each week the different regiments in this vicinity will go through a rigorous course of field training. A practice march will be made every week during the season and target practice of all arms will be held weekly. Detailed instructions in their special duties will be given to all branches of the army on watch at the border here.

Each regiment will devote at least a week to marching with field equipment under service conditions, accompanied by all field transportation. The hospital and signal corps will also be sent into the field. On the days apart for marching, the infantry will cover not less than 16 miles and the cavalry and field artillery not less than 20 miles.

Detailed orders to this effect have been issued by Brig. Gen. E. J. Porshing and sent out by Maj. W. R. Sample, brigade adjutant.

**Heads Nomination Pending.**

No information regarding the recent promotion of Col. George J. Bell, Jr., to a brigadier general has been received at Fort Bliss nor by the officer himself. It is supposed the senate will ratify the nomination in the next week or two.

Capt. C. N. Jones, adjutant of the Sixth field artillery, on duty here, has been granted a five day leave of absence and will take his family to Cloudcroft, where they will remain for the summer.

Batteries A, B and C of the Sixth field artillery, having moved into the camp recently vacated by the 20th infantry, the infantry is now on duty at Fort Lingo, N. M., guarding the 5000 federal prisoners interned there.

**Guard and Prisoner Escape.**

A prisoner and his guard escaped from the military reservation Sunday afternoon and were captured three hours later by a detachment of soldiers sent to hunt them. The deserters were caught at the station of Tobin, 12 miles north of the reservation. The guard was killed and the prisoner escaped.

Construction work on nine big barns began Monday. The new building will be erected in the rear of the present barracks and will be large enough to house 1600 horses.

A new jail is to be built at Fort Bliss. It will be almost twice the size of the present structure, which accommodates only 20 prisoners. The location for the new building has not been selected.

**Officers' Bungalows Completed.**

One-half of the 150,000 worth of improvements at the post have been completed. All of the bungalows to be occupied by captains on regular duty at the post are near completion. Eight of them will be turned over next week for the use of the officers. The contractors originally estimated the entire work of building new barracks and officers' quarters would need 3,000,000 brick, but this figure has been increased to 4,000,000.

## AMERICAN OFFICERS CAN'T ACCEPT MEXICAN HOSPITALITY

Nogales, Ariz., May 15.—Col. Calloway of the "Constitutionalist" forces at Hermosillo, arrived at Nogales, Sonora, Monday night with his staff a guard of honor, a military band and an intention to entertain officers of the American troops stationed here.

His intention was not put into effect, however, because of a refusal by the war department at Washington to permit the American forces to accept the hospitality of the Mexicans.

## CONSTRUCTION IS STARTED ON BIG APARTMENT

New Structure at California Street and Mesa Avenue Will Cost \$28,000.

Work was commenced Monday on the erection of a 125,000 apartment house, at the southeast corner of Mesa avenue and California street. It is expected that the building will be completed by September 10.

Croom & Grumbling are the owners and the contract for construction has been let to Robert E. McKee. The plans for the building, which will contain 15 apartments of three and four rooms each, were drawn by Gibson & Robertson.

It will be a three story structure and will be modern in every respect, with sleeping porches for each apartment and all the latest built in features.

**Building Permits.**

## You Can Quickly Free Your Skin From Hairs

(The Modern Beauty)

Here is a hair removing treatment that is free from pain or danger and requires very little time. Make a paste with some powdered talc and water, spread this on the hairy surface and in about two minutes rub it off, wash the skin and the hairs are gone. Excepting when the growth is unusually stubborn, you will find a simple application sufficient to banish every hair. To guard against disappointment, it is best to get the talc from an original package.—Advertisement.

## TALKS ON MAKEUP TO HIGH STUDENTS

Mrs. Frank Scott Frickleton gave a very interesting talk on the art of "make-up" before the high school students at the assembly period Monday morning. The talk was apropos of the approaching historical pageant which will be given as the senior class commencement exercise. Mrs. Frickleton told of the methods of using arrange paints, so that the pupils who take

part in the pageant may be able to help with their own makeup at the presentation of the pageant. To illustrate her talk she transformed Freddie Chesser from a perfectly nice white boy to an Indian character face in exactly two minutes. Mrs. Frickleton will make up the characters in the pageant at its presentation next week.
